"It's your boy Mississippi!!! Check out my latest single release "Beer, Bottles & Cans".

I was inspired to write "Beer, Bottles & Cans" by my mother and how she raised me. Her treatment of a homeless friend of mine named Frankie taught me how to treat other people. Even though Frankie was homeless he always had a positive attitude. One day Frankie said to me "Young man, you see my pockets and how they sticking out." I replied "of course." He said "Look at this" he proceeded to pull stacks of money from his pockets. He said "No matter what I'm gonna survive even if it's by selling "Beer, Bottles & Cans."

"Never give up, Keep Grinding."
